POST SHOW REPORT 2012

The 8th China CNC Machine Tool Fair (CCMT 2014) was successfully held on Feb 24th - 28th, 2014 at Shanghai New International Expo Center. It was sponsored by China Machine Tool & Tool Builders' Association (CMTBA) and co-organized by China Machine Tool & Tool Builders' Association (CMTBA) and Shanghai International Exhibition Co., Ltd. (SIEC).

CCMT 2014 has attracted more than **910 exhibitors** from 20 major machine tool manufacturing countries and regions, including Austria, Australia, China, Canada, Czech, Denmark, Finland, Germany, Hong Kong SAR of China, Israel, Italy, India, Japan, Korea, Switzerland, Spain, Sweden, Taiwan Region, USA and UK.

Exhibitors presented their products at the indoor exhibition area across a **total exhibition space of 100.000 m²**, representing an increase of 16% compared with the number of CCMT 2012. Three major pavilions were organized by Germany, Japan and Taiwan. The top three countries and regions with largest exhibition space were also Taiwan, Germany and Japan. Taiwan pavilion, as the biggest pavilion, occupied 5.531 m² and consisted of 79 exhibitors. **Germany pavilion with 102 exhibitors** and Japan pavilion with 24 exhibitors **occupied 4.807 m²** and 1.714 m² respectively.

Related events, such as high-level forum named "International CEO Forum of Machine Tool Manufacturing Industry 2014", and 30 seminars were held during the show.

Totally, **CCMT 2014 saw 143.039 person-time visitors** (visits), including the end-user delegations from various industries, such as Aviation and Aerospace, Shipbuilding, Textile, Automobile and Energy industry.

→ Outlook on CCMT 2016

With the **move from Nanjing (CCMT 2012)** back to Shanghai in 2014, CCMT has established finally it's reputation as **the international platform for the machine tool industry in south and east China**. Already now the requests for space from national and international exhibitors have been higher than the available space. Therefore **CCMT 2016** will occupy at least 4 more regular halls of SNIEC (totalling then in **minimum 11 halls = 121.000 m² gross**) and reserve even more space as long as possible. IMAG will keep our German-based clients up-dated – **latest at CIMT 2015 (Beijing: 20 – 24 April 2015) more details will follow!**
